

Welcome to **ILAP**

ILAP delivers the right solutions for any size business

Internet Light And Power® (ILAP), a premier Internet Service Provider, was founded in February 1995. Through constant technical innovation and service excellence, ILAP has established itself as a leading Internet Service Provider in Canada. Our solutions exceed the industry standards for performance and we back these claims with superior Service Level Agreements.

We serve a broad client base in a variety of sectors, including entertainment and media, manufacturing and engineering, retail, financial services and arts and education.

The right service offerings

ILAP delivers the services your business requires.

Access

ILAP can support any size business with robust high-speed Nationwide Internet access.

Co-Location

ILAP provides unmatched security and reliability in our secure and fully monitored co-location environment backed by uptime service guarantees.

Hosting

ILAP provides superior web and database hosting services supported by our rock solid network.

Email

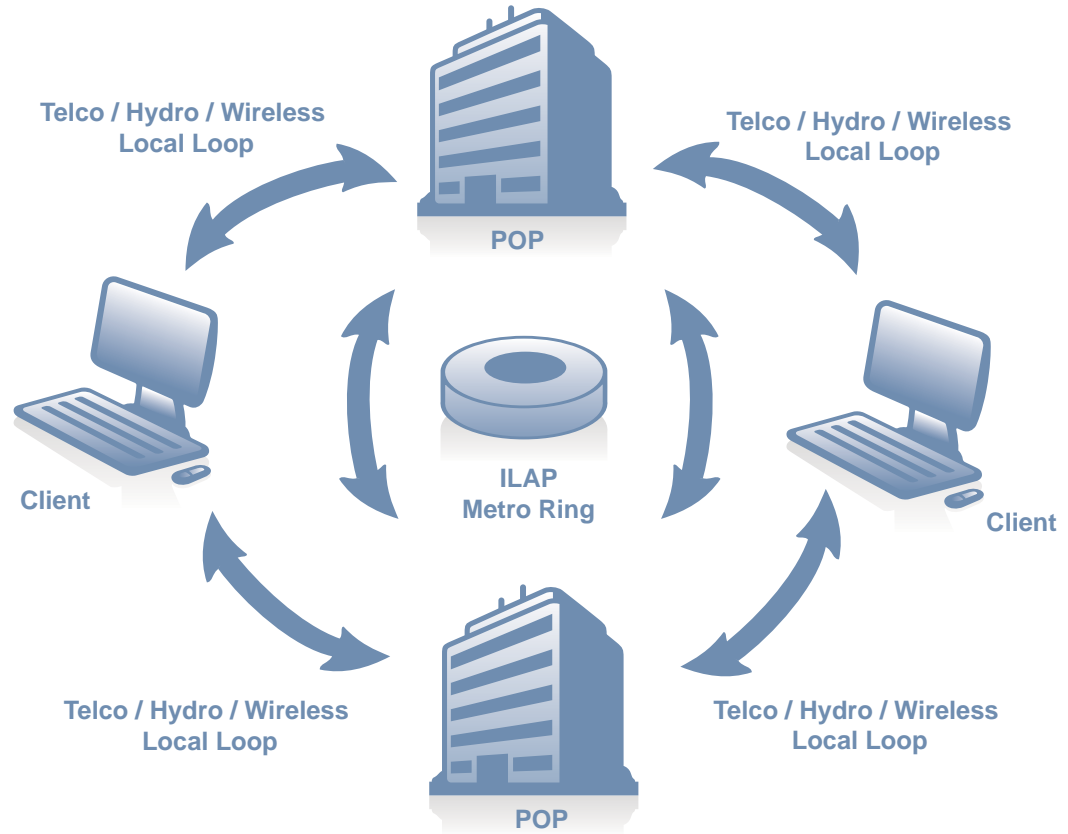

From corporate email accounts to anti-spam protection, ILAP can fulfill all your clients email requirements.

Development

Trinitas, ILAP's development division, can help your clients move their business online, attract new prospects, and save time and money with an online application or website.

It's all about choice at ILAP

We provide our clients with the best possible solution for their business by combining the ILAP network with one or more local loops.

Our network is designed for businesses that demand speed, reliability and stability. From 1Mbps to 1Gbps, we offer the right access solution to meet the requirements of any size business.

Delivering **quality** products and services requires quality support

At ILAP, our technical, administrative, and sales staff work together to meet and exceed the requirements of our business clients. Using a team-based approach has enabled our organization to develop strong partnerships with both our clients, as well as our solution partners.

The ILAP Net Centre provides clients with complete account management and web based mail. By breaking down the barriers between our clients and their own account information, ILAP makes it easier to update and modify account information quickly and efficiently.

Below we have provided valuable client and account information.
