

COMPANY OVERVIEW

ILAP: Company Overview

Internet Light And Power[®] (ILAP), a premier business Internet Service Provider, was founded in February 1995. Through constant technical innovation and service excellence, ILAP has established itself as a leading Internet Service Provider in North America. Our solutions exceed the industry standards for performance and we back these claims with superior Service Level Agreements.

We serve a broad client base in a variety of sectors, including entertainment and media, manufacturing and engineering, retail, financial services and arts and education. Some of the solutions we have provided these organizations range from high-speed Internet access to the creation of online business systems.

Core Services

- High-Speed Internet Access
- Co-Location Services
- Hosting Services
- Email Services
- Web/Application Development

Business Focused

ILAP was built on the needs of their business clients.

- Customized Solutions: ILAP works with clients to customize a solution that is right for their business.
- Personalized support: ILAP provides personalized support to get issues resolved quickly and efficiently.
- State of the art network: ILAP continues to invest in their state of the art network to ensure their business clients receive fast and reliable Internet services.
- Leading Partners: ILAP tightly integrates their solutions with the products and services of leading partners such as Cisco Systems, Sun Microsystems, and Oracle Corporation.

ILAP provides products and services to some of North America's leading organizations such as Laura Secord, West 49 Inc., Worley Parsons, Just Energy Corporation, PetCare Insurance Brokers Ltd., UPS, and Discount Truck and Car Rentals.
